## November 11, 2020

## R Markdown

## Introduction

Create a web page using R Markdown that features a map created with Leaflet.

Host your webpage on either GitHub Pages, RPubS, or NeoCities.

Your webpage must contain the date that you created the document, and it must contain a map created with Leaflet. We would love to see you show off your creativity!

## Assignment:

```
library(leaflet)
```

```
## Warning: package 'leaflet' was built under R version 4.0.3
```

```
m_map <- leaflet() %>% addTiles()  
m_map <- m_map %>% addMarkers(lat= 40.4395932, lng= -79.9893378, popup="Pittsburgh")  
m_map
```
